As a global player, **Messer** offers its sustainable products and services in Europe, Asia and America.  
**For our European team** we are looking to immediately fill the position as

## **IT Project Manager (m/f/non-binary)**

**Location: greater Frankfurt area, Germany / hybrid**

**Reference Number: E-05/2024**

### **What we offer:**

- As a Project Manager, you will make a valuable contribution to an international, successful, and financially stable company
- A dynamic, supportive and inclusive work culture that values innovation and where your dedication is held in high esteem
- Unique opportunity for professional growth and development due to engaging and challenging tasks with the opportunity to take on responsibility
- Empowering your skills through tailored training programs
- A competitive salary and a comprehensive benefits package
- Hybrid work model
- Modern work environment (e.g. gym, company canteen)
- 30 days annual leave

### **Your responsibilities:**

- Develop and implement a comprehensive process harmonization strategy: you will be responsible for identifying and integrating best practices in SAP processes across different departments and entities across Europe
- Lead all aspects of S4 HANA readiness project from initiation through to successful delivery, including managing timeline, and working with project teams across Europe
- Develop and implement project management methodologies, tools, procedures and best practices to ensure effective project delivery
- Ensure that projects are completed on time, within scope and on budget
- Communicate updates, risks and other key information relating to projects to all stakeholders, including senior executives and project teams
- Ensure all project deliverables conform to organizational standards, quality and compliance requirements
- Develop and manage relationships with key stakeholders, including IT teams, business leaders and external partners

### **Your profile:**

- Bachelor's degree or higher in Business, Information Technology, or a related field
- 10+ years of experience in IT ideally in an international setting
- 5+ years of experience managing large, complex SAP implementation projects, including experience with process harmonization
- Deep understanding of business processes is a necessity
- Proven success in leading cross-functional teams and delivering projects on time and within budget
- Ability to work independently and as part of a team in a fast-paced, dynamic environment
- SAP certification is a plus
- Full professional proficiency in spoken and written English and German
- Willingness to travel: Europe-wide (20-30%)
- Strong analytical skills and the ability to translate business requirements into technical solutions

### **Does this describe you, and are you interested in this position?**

Then we look forward to receiving your application via e-mail (in PDF format, max. 2 MB) to [recruiting.europe@messergroup.com](mailto:recruiting.europe@messergroup.com)
